6.1.1 The Institution has clearly stated Vision and Mission which are reflected in its academic and administrative governance.

Spoorthi Ayurveda Medical College and Dr. S. V. Savadi Ayurvedic Hospital, Gangavathi, has a clearly defined Vision and Mission that guide its academic, research, healthcare and administrative activities. The institution annually formulates specific Vision and Mission objectives through participatory governance, ensuring continuous quality improvement, institutional development and alignment with regulatory standards.

Academic Year 2025

Academic Development: The institution emphasized the celebration of National and International Health Days, awareness programmes, academic activities and community-oriented educational initiatives to enhance students' professional knowledge and social responsibility.

Research Development: The institution prioritized the establishment of **Manthana Central Research Laboratory** and sensitization of faculty and students towards research methodology, scientific innovation, research ethics and publication activities.

Hospital Development: The institution focused on increasing Outpatient Department (OPD) attendance and Inpatient Department (IPD) utilization, strengthening clinical services and promoting community healthcare through the **adoption of Kalgudi Village** for healthcare outreach and awareness programmes.

Academic Year 2026

Academic Development: The institution prioritized **Clinical Competency-Based Education**, emphasizing practical skills, clinical exposure, case-based learning, bedside teaching and competency assessment to improve students' clinical proficiency.

Research Development: The institution focused on establishing a **Clinical Trial Unit**, promoting research publications, encouraging faculty and student research projects and obtaining research grants from recognized funding agencies.

Hospital Development: The institution emphasized the development and implementation of **Standard Operating Procedures (SOPs) for AYUSH treatment procedures**, ensuring standardized patient care, clinical documentation, treatment quality and patient safety.

The Institutional Governing Body, Principal, Academic Council, Research Committee and Hospital Administration guide the implementation and periodic review of these objectives. Institutional policies, committee decisions, academic planning and administrative actions reflect the Vision and Mission.

Thus, the institution demonstrates systematic, transparent and outcome-oriented governance through annually defined objectives, continuous monitoring and commitment to excellence in Ayurveda education, research and healthcare.

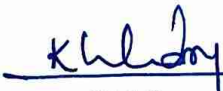

The following table presents the institution's annual Vision, Mission and Achievements across Academic, Research and Hospital Development.

Year	Particulars	Vision	Mission	Achievements
2025	Academic	To promote holistic education and social responsibility through the observance of National and International Health Days.	To organize health awareness programmes, seminars, guest lectures, competitions and community outreach activities involving faculty and students.	National and International Health Days were observed through academic activities, awareness programmes and student participation.
	Research	To establish the Manthana Central Research Laboratory and promote a research-oriented academic environment.	To develop research infrastructure and sensitize faculty and students to research methodology, scientific writing, research ethics and innovative research activities.	Manthana Central Research Laboratory was established. Research sensitization programmes were initiated, and faculty and students were encouraged to undertake research activities.
	Hospital	To strengthen healthcare delivery by increasing OPD attendance and IPD utilization and adopting Kalgudi Village for community healthcare services.	To improve patient care, strengthen hospital services, conduct regular health camps and provide preventive and promotive healthcare services to the adopted village.	Hospital services were strengthened, with initiatives to improve OPD and IPD utilization. Kalgudi Village was adopted for community-oriented healthcare and awareness activities.
2026	Academic	To shift the academic focus from the observance of National and International Health Days towards Clinical Competency-Based Education.	To strengthen clinical skills through bedside teaching, case-based learning, clinical demonstrations, hands-on training, simulation-based learning and structured	Clinical competency-based teaching activities were introduced into academic planning, with increased emphasis on practical training, clinical exposure and skill

		competency assessments.	development.
Research	To establish a Clinical Trial Unit and strengthen research publications, funded research projects and scientific innovation.	To develop clinical research facilities, encourage faculty and student publications, submit research grant proposals and promote ethical, evidence-based Ayurvedic research.	Clinical Trial Unit development activities were initiated. Research projects received provisional YUKTI grant selection, and faculty and students were encouraged to pursue research publications and funded projects.
Hospital	To standardize AYUSH treatment procedures through the development and implementation of Standard Operating Procedures (SOPs).	To formulate department-wise SOPs for Ayurvedic treatment procedures, strengthen clinical documentation, improve patient safety and ensure uniformity in healthcare delivery.	Development and standardization of AYUSH treatment SOPs were undertaken, focusing on treatment protocols, clinical documentation, patient safety and quality improvement.

IQAC Circular

Date: 05/02/2026

To,

All Teaching & Hospital Staff
SAMC & Dr SVSAH -Gvt

Respected Sir,

Key Document References:

Ref: SAMC & Dr SVSAH/GVT/ AHC 2026/26- 05 dated on 02/01/2026

Sub: Annual Health Calendar of 2026

Subject: National International Day Focus has fundamentally shifted to Clinical Competency Reg

With reference to the above-cited letter, the National / International Day Academic Calendar for the year 2026 has been issued. It is hereby informed that, as per the latest directive dated **05.02.2026**, the observance of National and International Days has been **fundamentally shifted towards a Clinical Competency-based approach**.

Accordingly, on the occasion of National / International Days as specified in the Annual Health Calendar – 2026, it is **mandatory** to conduct the following activities:

1. Clinical Camps
2. Clinical Training Programmes
3. NLH Activities

All departments are instructed to ensure the effective conduct of the above activities. A **detailed activity report**, along with relevant documentation and photographs, shall be **submitted to the IQAC** without fail, this is for strict compliance.
